

# Fall 2024 Migration to M365

UBCO IT Engagement Services

## Migration to Exchange Online (FASmail)

- Required to fully implement M365 across UBC
- Advanced security & data protection
- Integrated with other M365 tools (Tasks/Planner, OneDrive, Teams)
- Increased storage (from 8GB to 50 GB)
- New mobile app (combines email, calendar, files, teams)
- Eliminates ability to auto-mail forward to commercial email systems (i.e., Gmail) to comply with UBC Information Security Standards

### TIMING for UBCO:

- Administrative & Operational Depts: November 3-5
- Faculties: November 13 & 14

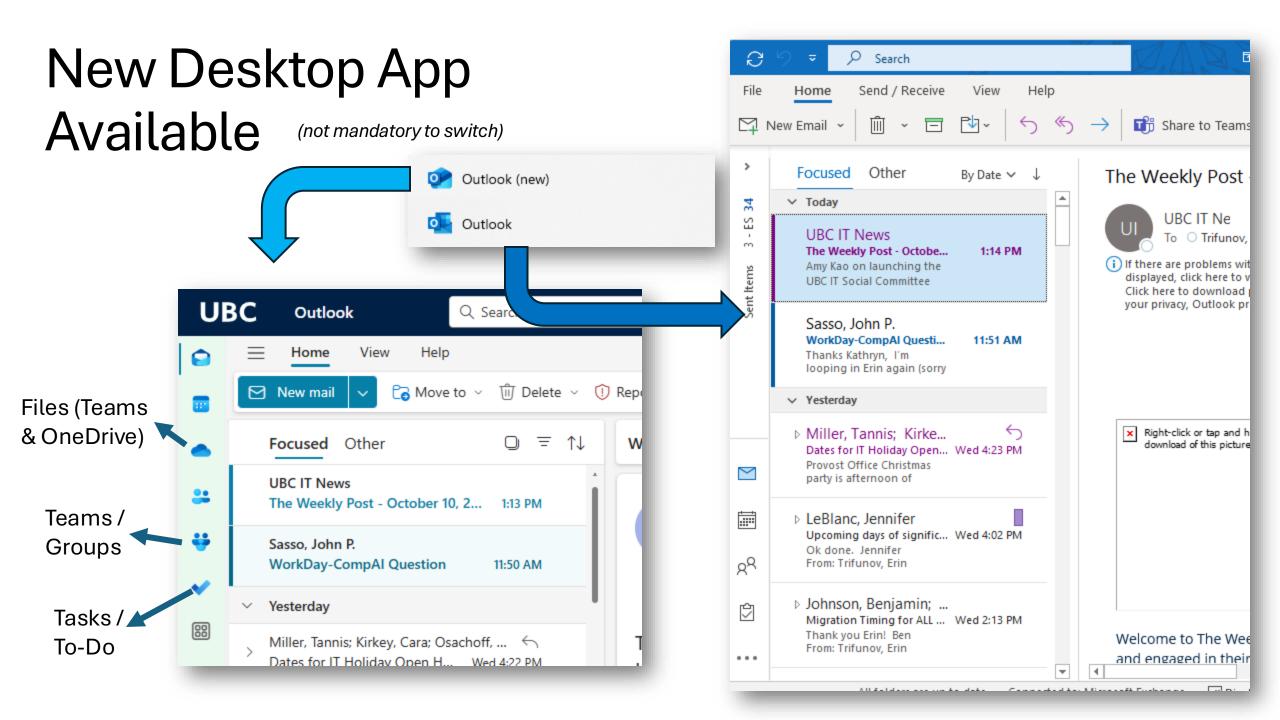

## Anticipated Impact to Users: minimal

- 1 Week & 1 day BEFORE migration: UBC IT will email instructions

   Ensure using MS Office 2021 (How to check / upgrade)
   Clean up mailbox (delete & purge deleted items)
   Close Outlook at end of day night before
- **AFTER** migration: UBC IT will email new set-up guides
- Full details, videos & guides can be viewed <u>HERE</u> including: • What to Expect
  - Actions Before & After Migration
  - $\circ$  Connecting your mobile device
